

## DUAL SHOULDER REFACER

Repairing dual shoulder connections has never been more time efficient or cost effective with the highest quality controls.

### MOBILE SERVICE

Simplifying the entire process for our customers, refacing dual shoulder connections can now be done in the field thanks to our mobile service. Licensed for all your proprietary connections, Shawcor Oil Asset Management will come to your jobsite and reface various connections and sizing of DS and XT connections.

### COST SAVINGS

Industry proven technology and quality control means that repairs are done in a quick and precise manner enabling the most cost effective process now and in the long term. The ability to reface onsite with our mobile service offering saves you from machine downtime and shipping the tubulars to and from a brick and mortar shop for repair. This leaves time on the clock and your money in the bank.

### ATTENTION TO DETAIL

Our professional technicians pay close attention to detail, which minimizes the risk of improper loading of connections that can lead to washouts, fatigue or mechanical failure.

### EQUIPMENT INTEGRITY:

Every six months equipment is calibrated.

### QUALITY ASSURANCE:

Only QA approved equipment and materials are used strictly by qualified personnel.

### TEMPERATURE INDIFFERENCE:

Refacing can be done in all weather conditions, even extreme temperatures.

### RECOMMENDATION

**ADHERANCE:** Manufacturer specifications are followed accurately, such as the use of 60 grit sandpaper.

### STANDARDIZATION:

Each time equipment is used it is standardized.

Shawcor Ltd. is a global energy services company specializing in products and services for the pipeline and pipe services segment of the oil and gas industry and related products for petrochemical and industrial markets. The Company operates through a network of fixed and mobile manufacturing and service facilities located around the world and is valued for its integrity, technology, and proven capability to execute the most complex projects in our industry.
