

Camrose (II), Alberta

ABOUT CAMROSE (II)

Camrose II is a large diameter project plant which offers FBE, Abrasion Resistance Coating, SureFlo FEC and Insul-8 AG (Above Ground). Shawcor also offers double jointing services at this location through a third party welding contractor. Camrose II sits on a 130 acre site. The facility is located next to Evraz Camrose which reduces logistical and management interface costs. With minimal pipe handling, damage to bare or coated pipe is reduced and repair costs are minimized.

SPECIAL SERVICES

- Canusa-CPS heat shrinkable sleeves
- Tapes
- Primers
- Field joint material
- Double jointing services available

APPROVALS AND QUALITY ASSURANCE

- ISO 9001:2008
